

**PLEASE COPY THE FOLLOWING FORM FOR EACH COMMISSION.**

## **MISSION STATIONS COMMISSIONS/COUNCILS ELECTIONS**

**OCTOBER 2024**

### **PREPARATION**

1st. AT THE BEGINNING of OCTOBER 2024- The Parish Priest or assistant and the Catechists together with the Mission Station Pastoral Formation Team and as many of the Parish Pastoral Formation Team members as possible will meet **to plan** how the elections at the Mission Station level and the Pastoral Week as a whole shall be facilitated.

2<sup>nd</sup>: In their planning they could include the following: Invitation letters, multiplication of election forms, Fix a day for the elections, make concrete arrangements for transportation and feeding. The invitations prepared during this meeting shall be signed by the Parish Priest and the Parish Pastoral Formation Team coordinator and sent out to all the SCC leaders, Parish Pastoral Formation Team members, Chairpersons and secretaries of commissions at SCC level.

Participants could also be invited by text messages. It would be helpful if the election forms are multiplied such that copies of results pages could go to all the SCCs of the Parish. A Mission Station could have one or two days for the election depending on their means. If they are choosing one day they must start early enough, begin with a formation talk on leadership since all participants are already leaders then move to commissions meeting.

During the Mission Station commissions meeting, executives of the various Commissions shall be elected. The chairpersons and secretaries of each commission shall represent their Mission station at the Parish Commission meeting. During the Commissions meeting SCC delegates shall give reports while at the Mission Station Pastoral Council (MSPC) the SCC leaders shall report.

Mission Stations could sponsor the transport cost of their delegates while the host Mission that does not need to move much for the meeting provides feeding.

The elections at the Mission station level should be done in two meetings and most preferably two days. The first part is the commissions' reorganization and the second is the council elections.
